Eagles Autism Challenge Saturday, May 19, 2018

DID YOU KNOW that Autism Spectrum Disorder is one of the fastest-growing developmental disorders in the world? It is now being identified **at a rate of 1 in 68 births - 1 in every 42 boys**. While there is no medical detection or cure, its numbers continue to grow at an alarming rate. Autism has been historically underfunded, under-researched and commonly misunderstood.

The inaugural **Eagles Autism Challenge** is a landmark cycling (15, 30 and 50 miles) and 5K run/walk event dedicated to raising critical funds for autism research and support. All four routes will begin at Lincoln Financial Field, giving participants the unique experience to navigate around the City of Philadelphia and its suburbs, before returning to the stadium and crossing the finish line on the field.

A 501(c)(3) organization, Eagles Autism Challenge, Inc., will direct 100% of participant-raised funds to autism research and programs at three nationally recognized research institutions - **Children's Hospital of Philadelphia, Drexel University, and Thomas Jefferson University and Jefferson Health**.

The event will be fully backed and supported by Eagles players, coaches, alumni, executives, cheerleaders and SWOOP.

Let's advance autism research together.
